RE: VSPC request for annual report filing extension

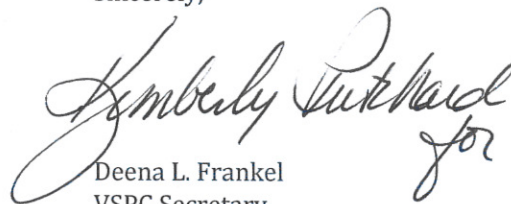

Dear Mrs. Hudson:

The Vermont System Planning Committee (VSPC) is required by Paragraph 89 of the Docket 7081 Memorandum of Understanding to submit an annual report to the Public Service Board by January 15 of each year providing a status report on reliability deficiencies in the Long-Range Transmission Plan, and the dates and locations of VSPC meetings held during the preceding year. The purpose of this letter is to request an extension January 30, 2012, for the filing of the annual report of 2011 activities.

The additional time is needed to complete the process of review by VSPC participants. No VSPC nor Docket 7081 participant has expressed an objection to the enlargement of time.

I will be happy to provide any additional information the Board may require for its consideration of this request.

Sincerely,

Deena L. Frankel
VSPC Secretary
