Subject: RE: Regional funding parity

Hi Deena –

I have another thought.

I, and others, have been working on this issue & given presentations on it at FERC. The current Chairman of FERC, Jon Wellinghof is very interested in this issue. I would like to suggest that the VSPC also invite Chairman Wellinghof or perhaps someone from his Senior Staff to attend the September meeting.

What would be the process to do this? I am guessing it would need to be presented at the June 10 meeting. If it needs to come from a VSPC member, I could ask James Moore or perhaps someone else.

Thanks,

Sandy

Subject: Regional funding parity

Sandy,

I am writing to keep you apprised of the status of conversations in the Vermont System Planning Committee regarding regional funding parity for non-transmission alternatives. As I mentioned last time we spoke, the VSPC is inviting Stephen Rourke from ISO-NE to its September meeting to talk about this issue. I expect approval for the [letter of invitation](#) at the June meeting. Please let me know if you have any comments on the letter of invitation.

Given your interest in this issue, I am hoping you will be able to attend the September meeting. Of course, you are always welcome at any meeting.

The [agenda for the June meeting](#) has also been posted.

Deena
