Re: Docket No. 7081

Dear Ms. Hudson:

The Public Service Board's Order of June 20, 2007 approving the Memorandum of Understanding with conditions in the above referenced matter contained the following requirement:

5. The Settling Parties to this proceeding shall file their proposals for allocating the costs of per diem and travel reimbursement to the VSPC public members on or before July 31, 2007. We encourage parties to file joint proposals, if possible. Comments on any proposals shall be filed on or before August 15, 2007.

Id. at 39. By this letter, the below referenced Settling Parties offer an allocation proposal in accordance with that Order.

Pursuant to this proposal the per diem and travel reimbursements to be paid to the public members of the Vermont State Planning Committee would be allocated to distribution utilities based on each utility's pro rata previous year annual kwh sales using the same factors as the Rule 4.100 allocation process employed by the Purchasing Agent currently VEPP Inc. Consistent with its responsibilities under MOU ¶ 69, VELCO would administer this process and all payments and reimbursements would be administered by VELCO.

Should you have any questions concerning this filing, please do not hesitate to contact me.
