Dear Mrs. Hudson:

On behalf of the Vermont System Planning Committee (VSPC), please accept the attached filing of the Evaluation of the Docket 7081 Planning Structure required by Paragraph 99 of the Docket 7081 Memorandum of Understanding. This document represents the product of a six-month-long evaluation process that gathered input from VSPC participants and Docket 7081 parties. The result is an in-depth analysis of participant perceptions of the VSPC's impacts thus far.

We look forward to any questions the Board may have about the content or process of the evaluation.

Sincerely,

Deena L. Frankel
