February 11, 2010

Mrs. Susan Hudson, Clerk  
Vermont Public Service Board  
112 State Street  
Montpelier, VT 05620

Dear Mrs. Hudson:

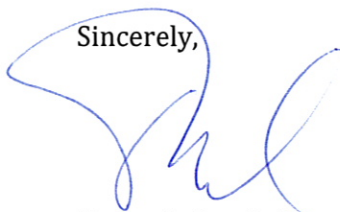

The purpose of this filing is to submit to the Public Service Board the Project Priority List adopted by the Vermont System Planning Committee (VSPC). Paragraph 51 of the Memorandum of Understanding in Docket 7081 requires that:

Following the filing of a Plan under 30 V.S.A. § 218c(d), and given a proposal from the Affected Utilities, the VSPC will create a priority list concerning Reliability Deficiencies identified in the Plan, which list shall be promptly filed with the Board for its information along with any comments from VSPC participants.

The attached Project Priority List provides time frames for addressing the reliability deficiencies identified in the 2009 Vermont Long-Range Transmission Plan. The List was adopted by the VSPC on February 10, 2010. There were no comments from VSPC participants to append.

The Project Priority List is also included as an attachment to the VSPC Annual Report filed today with the Board.

Sincerely,

Deena L. Frankel  
VSPC Secretary
