Waitsfield, Vermont 05673

Dear Mr. Vandal:

On behalf of the Vermont Public Utility Commission (“Commission”), I am pleased to designate you to serve as the public member of the Vermont System Planning Committee (“VSPC”) representing the interests of electric power supply resources such as electricity generators. As you may know, VSPC members serve five-year terms. Your term as a public member will expire on April 18, 2024.

The Commission greatly appreciates your willingness to continue to serve on the VSPC. The Commission looks forward to your participation in the VSPC’s important role in helping plan for Vermont’s electric transmission system, including the full, fair, and timely consideration of cost-effective non-transmission alternatives.

You should be hearing shortly from the VSPC with details on its upcoming meetings. If you have any questions regarding the VSPC, you may wish to contact the VSPC’s Facilitator and Secretary, Shana Louiselle, at (802) 770-6381 or slouiselle@velco.com.

Thank you again for agreeing to participate on the VSPC.

Sincerely,
