Geographic Targeting Subcommittee

Shana Louiselle, VELCO

Annual geographic targeting recommendation letter

- ▶ Draft in package recommended for adoption by full VSPC
- ▶ Summary
 1. No newly identified area “screens in” using the applicable screening tools for the potential to be resolved with non-transmission alternatives.
 2. With regard to the status of current geographically targeted energy efficiency, no area is currently targeted, thus, no recommendation is needed regarding continuation or discontinuation of a current project.
 3. No new areas have been identified where geographically targeted energy efficiency has the potential, as defined by the applicable screening tools, to cost-effectively avoid or defer an infrastructure project, so no new geographical targeting of energy efficiency should be undertaken.

Coordinating Subcommittee

Shana Louiselle, VELCO

2023 meeting dates

- ▶ January 25, 2023 – Burlington
- ▶ April 19, 2023 – Middlebury
- ▶ July 19, 2023 – Stowe
- ▶ October 25, 2023 – Killington
