The Vermont Public Utility Commission (“Commission”) proceeding establishing the Vermont System Planning Committee (“VSPC”) required that each distribution utility participate in and appoint a representative to the VSPC.¹ A distribution utility may designate one alternate who may act fully in the absence of the designated representative.

The Commission granted the request of GlobalFoundries U.S. 2, LLC (“GlobalFoundries”) to create GF Power LLC (“GF Power”) and operate this wholly owned subsidiary as a public service company, pursuant to 30 V.S.A. § 231.²

As a public service company, the Commission directs GF Power to participate in the VSPC as a distribution utility member and assigns GF Power to the VSPC membership category for large distribution utilities without transmission.³

Within 30 days of this Order, GF Power is directed to contact the VSPC’s Facilitator and Secretary to designate its appointed representative to the VSPC and any alternate that will act in the absence of the designated representative.
