

**VSPC Load Forecasting Subcommittee Meeting**  
**April 24, 2025 | 10:00 a.m. – 11:30 a.m.**

**Agenda**

1. Load Forecast for 2027 VT Long-Range Transmission Plan
  - a. VELCO RFP for load forecast consultant
  - b. Review process
  - c. Timeline
  - d. Expectations for Load Forecasting Subcommittee
2. Open discussion
  - a. Feedback on 2024 VT Long-Range Transmission Plan forecasting effort (what worked, what didn't work, what do we need to be different in 2027 relative to the forecast?)
  - b. Input on 2027 VT Long-Range Transmission Plan forecasting effort (what data, new or otherwise, do we want to incorporate into 2026 load forecast relative to the forecast?)
    - i. How should requirements of the updated Renewable Energy Standard be incorporated in the forecast or the long-range plan?
    - ii. How should outcomes of the Flexible Load Management Working Group be incorporated in the forecast or the long-range plan?
