

GT Subcommittee Meeting  
9/11/2025

# Agenda

---

- ▶ NTA Screening Presentations (VELCO and WEC)
- ▶ 2025 GT recommendations to PUC
- ▶ 2024 LRTP NTA Coordination with GTS process
- ▶ Next meeting

# NTA Screening Presentations

---

- ▶ WEC

- ▶ Jackson Corners
- ▶ Mount Knox

- ▶ VELCO

- ▶ East Fairfax Substation upgrade

# GT recommendations

---

## ▶ Three recommendations to PUC:

- ▶ Are there newly identified areas that “screen in” using the applicable screening tools for the potential to be resolved with non-transmission alternatives? (Docket 7081 MOU)
- ▶ Are there areas that are currently targeted that need continuation or discontinuation of a current project? (Docket 7081/Docket 7873)
- ▶ Are there new areas that have been identified where geographically targeted energy efficiency has the potential, as defined by the applicable screening tool, to cost-effectively avoid or defer an infrastructure project? (Docket 7873 Attachment II Screening Framework)

# 2024 NTA Coordination with GTS Process

---

<b>Jul 2025</b>	GTS review preliminary NTA analysis for 2024 LRTP (Complete)
<b>Sep – Dec 2025</b>	Lead utility organizes NTA Study Group to: (1) Define NTA solution set; (2) Create Project Specific Action Plan for VSPC review and inclusion in VSPC Annual Report; (3) Characterize each NTA contribution to the solution including cost and equivalency
<b>Oct – Dec 2025</b>	GTS/LFS review PSAP & assumptions of NTA Study Group (GT Charter)
<b>Oct 2025</b>	Draft PSAP presented to full VSPC (Docket 7081 MOU)
<b>Jan 2026</b>	VSPC reviews and approves 2026 Annual Report (Docket 7081 MOU)
<b>Feb 2026</b>	VSPC files 2025 Annual report with PSAP (Docket 7081 MOU)
<b>Apr 2026</b>	Lead Utility files Reliability Plan with PUC (Screening Framework & Guidelines)
<b>Apr – May 2026</b>	Hold public input forum for Reliability Plan (GT role as defined in Charter)
